history.html – Stranica history, kako i ime nalaže, sadrži informacije o istoriji kluba. Sadržaj stranice je vrlo sličan početnoj stranici, jer poseduje sličan dizajn i formatiranje. Ovde se nalazi i tabela trofeja, gde u svakom redu piše koliko je puta klub osvojio taj trofej. Sadržaj te tabele dinamično se ispisuje iz JavaScript fajla history.js.

The Beginning of FC Barcelona

Joan Gamper, a swiss football executive, alongside a dozen other football enthusiasts, came together and formed the club on November 29, 1899. The year after, the infamous Blaugrana kit was first assembled and used in an official match. The club then started competing in Spain's first division of football, marking the start of a journey that continues to this very day. Over time, the club gained the nickname Barça to distinguish it from the city it is located in.

The 20th Century

During its first 100 years of existence, the club went through many ups and downs. Interrupted by two major World Wars, the team's progress stagnated severely. Spain's political climate did not help either, as the then-dictator Francisco Franco repeatedly tried to prevent the club from succeeding in any way. Club rivalries were very prominent in Spain during that time. Barça was a part of two major rivalries - the one with Real Madrid, and the one with Espanyol, which was also located in Barcelona. Both rivalries got their own special names for when the two teams would face each other, and they were named El Clásico and Derbi Barceloní, respectively. The despair ended when a certain Dutch player joined the club. Johan Cruyff first started playing for Barcelona during the 1973/74 season, quickly proving that he was one of the best players of his generation. He later went on to coach the team, leading them to their first Champions League trophy in the 1991/92 season. Cruyff also invented the famous Tiki-taka playstyle, whose philosophy centered around constant movement of the ball during the game. They ended that decade as one of the most prestigious football clubs in the world.

The Trophy Cabinet

Competitions / Tournaments	Number of trophies won
Copa del Rey	32
La Liga	28
Supercopa de España	15
UEFA Champions League	5
UEFA Cup Winners' Cup	5
UEFA Super Cup	5

The 21st Century

Since the turn of the century, the club won four additional Champions League titles and twelve La Liga titles. They also achieved two sextuples in that period, being the only club to do so. Financially, this was the hardest period for the club. The amount of debt kept growing due to unpaid wages and reckless transfer spendings. This was the reason why the club had to let go of Lionel Messi, the greatest player of his generation. Since then, the things have calmed down, and Barça is slowly getting back to where it once was.

25/26 Season So Far

On paper, the club is having a very good season. Although, things are different if you look at their performance on the pitch. Their defensive prowess seems to have worsened a little, compared the last season. Numerous injuries have also plagued the team collectively, but the situation is starting to improve. They are still in competition for every trophy this season, first of which will be the Spanish Super Cup.

Gallery.html – Na ovoj stranici nalazi se galerija slika. Svaka slika poseduje efekat smanjene saturacije, koji nestaje čim korisnik cursorom pređe preko te slike.

The screenshot shows the 'Gallery' section of the FC Barcelona website. At the top, there is a navigation bar with links to Home, History, Gallery, Contact, Author, Documentation, and Download. The 'Gallery' link is highlighted in yellow. Below the navigation bar, the word 'Gallery' is displayed in a yellow font. A 4x3 grid of nine images is shown, each featuring players from the FC Barcelona team. The images include various scenes such as players celebrating, the team posing for a group photo, and the team on the pitch. Each image is enclosed in a red frame with a drop shadow.

political climate did not help either, as the then-dictator Francisco Franco repeatedly tried
to prevent the club from succeeding in any way. <span class="marked-text">Club
rivalries</span> were very prominent in Spain during that time. Bar&ccedil;a was a part of
two major rivalries - the one with Real Madrid, and the one with Espanyol, which was also

face each other, and they were named <span class="marked-text">El Cl&aacute;sico and Derbi

the club. <span class="marked-text">Johan Cruyff</span> first started playing for Barcelona

Cruyff also invented the famous <span class="marked-text">tiki-taka</span> playstyle, whose philosophy centered around constant movement of the ball during the game. They also achieved two sextuples in that period, being the only club to do so. Financially, this was the hardest period for the club. The amount of debt kept growing due to unpaid wages and reckless transfer spendings. This was the reason why the club had to let go of <span class="marked-text">Lionel Messi</span>, the greatest player of his generation.
